

# PDC GAMING GUN CARRIAGE

**Preparation:** We recommend using sharp clippers to remove parts from the frame. Pulling parts from the sprue without clipping may result in damage to delicate parts. Use a hobby knife, seam scraper or file to remove any mould lines or frame joint nubs left by the clippers.

**Assembly:** For best results, use plastic glue (polystyrene cement).

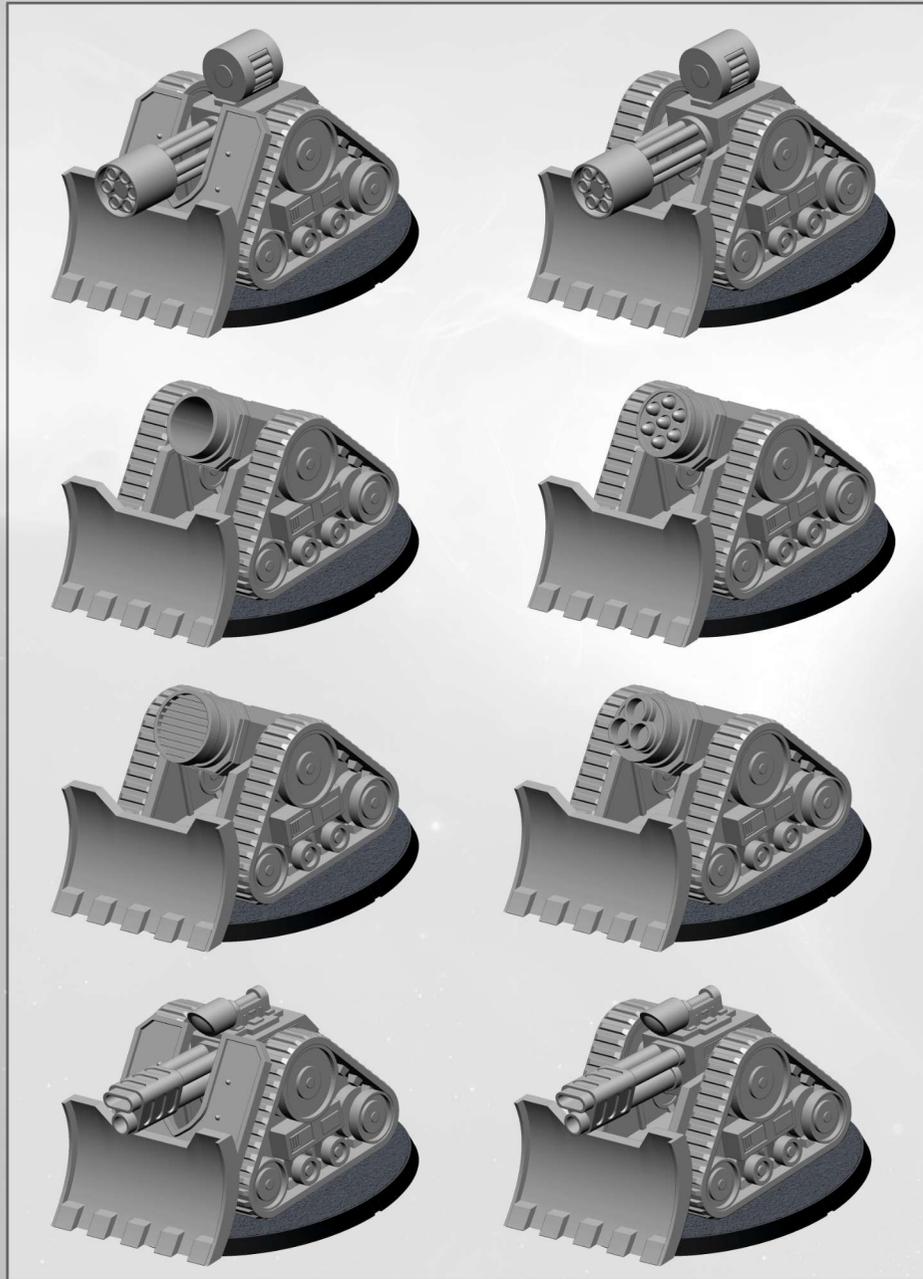

## PARTS LIST

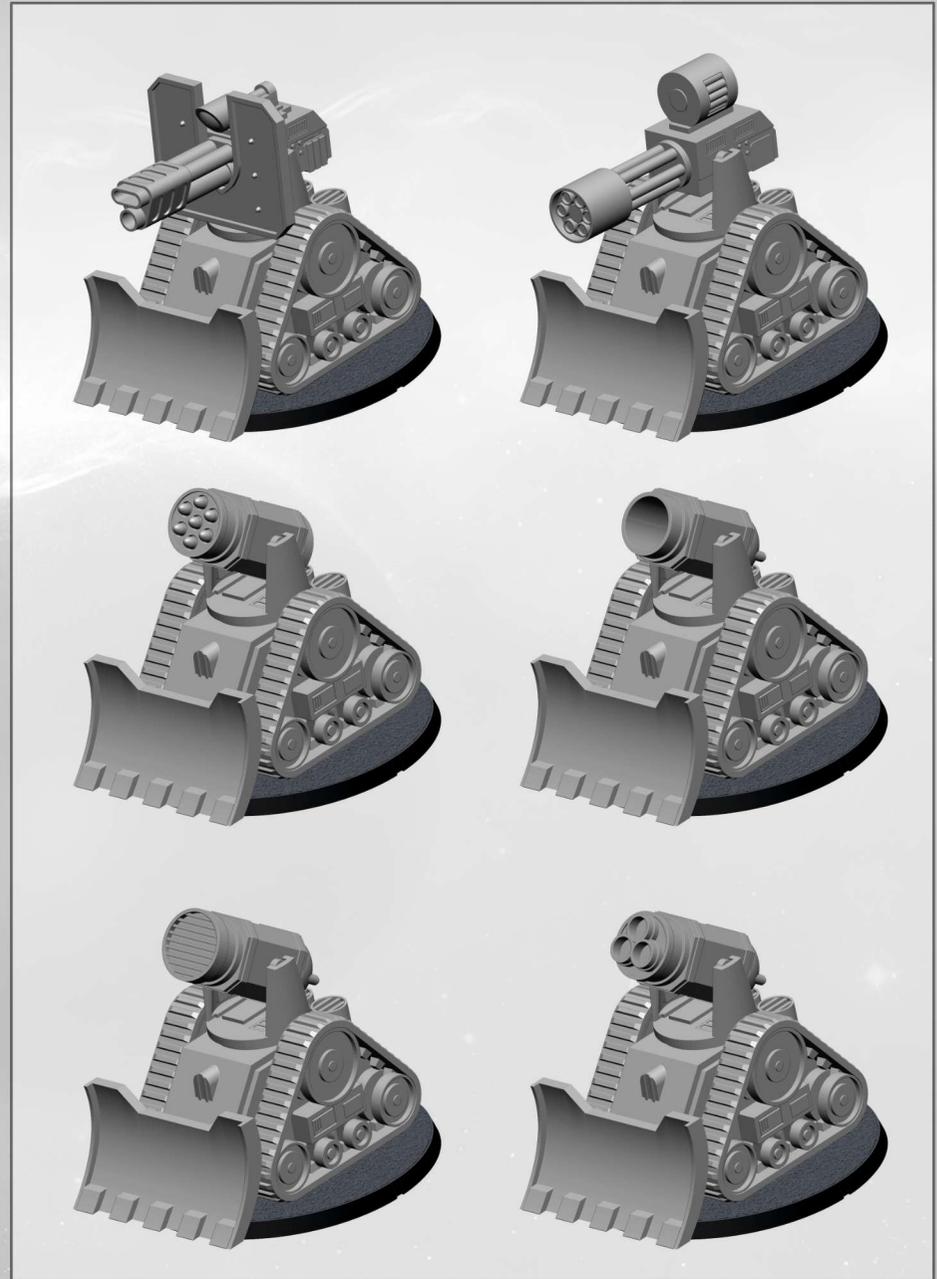

01	Artillery Chamber Bottom
02	Artillery Chamber Top
03	Turret Side (x2)
